Conservation Futures

Project proposal form

Seeking project proposals from Nillumbik Landcare group members

Conservation Futures is a three year project, led by the Nillumbik Shire Council, with project partners including the Nillumbik Landcare Network. This project focusses on on-ground works to assist in the conservation of nine key threatened species in Nillumbik and surroundings. This project works with public and private land managers and an allocation of the budget is to assist the Nillumbik Landcare Network with threatened species conservation works. Each year for the next three financial years, the project will be able to assist with fox control (up to \$5,417), weed control (up to \$5,603), fencing important vegetation (up to \$5,556) and enhancement plantings (up to \$833).

Nillumbik Shire Council is seeking potential project proposals from members of Nillumbik's Landcare groups. Please fill out the project proposal form below and return to meg.cullen@nillumbik.vic.gov.au by the 18th of August 2017. Please note that all projects will need to be completed by 31st May 2018, basic project report will also be required.

Project title: Contact Name: Email: Phone: Species: Please select from the list below the species that your protect will help to protect Brush-tailed Phascogale Clover Glycine Common Dunnart Rosella Spider Orchid Eitham Copper Butterfly Round-leaf Pomaderris Matted Flax-lily Project location and description of works: Please describe the details of your project and specify the praddress/s where the proposed works are to be undertaken. Breakdown of costs: Please itemise the costs of your project below Item/task description Cost (ex GST)
